

Guardianship Acknowledgment Form - Family RRH Program

Rapid Rehousing (RRH) for Families is a time limited housing intervention designed to help families move into housing quickly. The goal is that the family will take over full rental payments and maintain housing stability. You have been assigned a Housing Navigator to help you get into the program. They will help you know what documents are needed and can provide information about the Rapid Rehousing program.

Program criteria for RRH for Families:

- To qualify as a family for RRH you **must** have a minor child\children, 17 or under, in your household currently, or plan to be reunited with those children in accordance with the guidelines listed below .

It has been noted that you may have one or more children currently not in your household that you've advised you have custody of. If approved for RRH you must have the minor child/children in your care within:

- 90 days of assignment to a RRH Case Manager, if DCF has removed children from the home. This timeframe is allowed to determine reunification plans.
- 30 days of assignments to a RRH Case Manager, if DCF is not involved.

If you are unable meet the above RRH requirements, the following will occur:

- If you **are housed** within the applicable timeline mentioned above and do not have your minor child/children visible and in your care, your program rental assistance will end.
- If you **are not housed** within the applicable timeline mentioned above and do not have your minor child/children visible and in your care, the supportive services and housing search services will end.

I have read the above and fully understand and agree to these terms.
